

The City of Stroud is seeking applicants to fill an opening for a **lineman** in the Electric Department. Previous experience is preferred but not required. Responsibilities will include construction, maintenance and repair of the overhead and underground electric distribution system. Must have the physical ability to climb poles, work in extreme weather conditions and work at high elevations. Rotation on stand-by schedule will be required. Salary is dependent on qualifications. Applicants must possess a valid Oklahoma CDL driver's license or be able to acquire one within six months. For further details please contact Micah Keeling at 918-968-2890. Applications will be accepted until position is filled.
